Professional Designations

James Ferrell holds the following professional designations:

Certified Financial Planner (CFP®)

The CERTIFIED FINANCIAL PLANNER™ and CFP® (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP® Board”). The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. The CFP® is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. CFP® certificate holders are bound by the CFP® Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

To earn the credential, each CFP® candidate must have a bachelor’s degree (or higher) from an accredited college or university and three years of full-time personal financial planning experience. In addition, candidates must take the CFP® Certification examination and complete a CFP Board Registered Program or hold an accepted designation, degree or license. Every two years, CFP® certificate holders must complete a minimum of 30 hours of continuing education. More information about the CFP® is available at <http://www.cfp.net/default.asp>.

Certified Investment Management Consultant (CIMC)

As of December 2003, new CIMC certifications are no longer granted. When the designation was issued, its content focused on investment consulting. Current CIMC designees can maintain the designation through Investments & Wealth Institute. CIMC designees are required to adhere to The Institute’s *Code of Professional Responsibility, Rules and Guidelines for Use of the Marks*, and have an acceptable regulatory history as evidenced by FINRA Form U-4 or other regulatory requirements. CIMC designees must report 40 hours of continuing education credits, including two ethics hours, every two years to maintain the designation.

Certified Public Accountant (CPA)

CPAs are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination.

To maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous Code of Professional Conduct which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services.

Personal Financial Specialist (PFS™)

The Personal Financial Specialist (PFS) credential is granted exclusively to CPAs with tax expertise and comprehensive knowledge of financial planning. All areas of personal financial planning — estate, retirement, investments and insurance — have tax implications, and only a CPA/PFS has the experience, ethics and expertise to get the job done right. The American Institute of Certified Public Accountants (AICPA) established the Personal Financial Specialist (PFS) credential, which is reserved for CPAs, meaning holding a CPA is a prerequisite. There are both educational and professional requirements that must be met before earning a PFS. However, the benefits of holding a PFS are numerous, which include expanded employment opportunities with corporations, consulting firms, and the ability to manage or own a wealth management practice. More information regarding the PFS is available at <https://www.aicpa-cima.com/home>.

ITEM 3 - DISCIPLINARY INFORMATION

James Ferrell has no disciplinary history to disclose.

ITEM 4 - OTHER BUSINESS ACTIVITIES

In addition to his role at Beacon Pointe Advisors, LLC ("BPA"), James Ferrell is a licensed insurance agent for Beacon Pointe Insurance Services, LLC ("BPIS"), a California-licensed insurance agency, under common ownership with BPA. BPIS receives commissions on insurance products clients purchase, and James Ferrell may earn a portion of these commissions.

This arrangement creates an incentive for James Ferrell to recommend insurance products based on the compensation received, rather than focusing solely on the client's needs. Clients are not obligated to act on any insurance

recommendations or conduct transactions through James Ferrell or BPIS if they follow Mr. Ferrell's recommendations.

Additionally, James Ferrell is a Member of Ferrell & Kelly, LLC, through which he has ownership in Ferrell & Kelly Certified Public Accountants ("Ferrell & Kelly"), a Certified Public Accountancy firm. This activity accounts for a de minimis amount of James Ferrell's time and income. Ferrell & Kelly provide tax and accounting services to certain Beacon Pointe's clients in its Winter Park, Florida office. James Ferrell will, at times, recommend clients of Beacon Pointe to utilize the services of Ferrell & Kelly for their accountancy needs. There are no fees paid for such referrals. As Member of Ferrell & Kelly, James Ferrell shares in the profits of Ferrell & Kelly. Therefore, even if James Ferrell does not directly perform services for Ferrell & Kelly's clients, he receives remuneration from those who do, some of which are clients of Beacon Pointe. The additional receipt of compensation creates a conflict of interest in that Mr. Ferrell has a financial incentive to recommend Ferrell & Kelly to Beacon Pointe clients as opposed to other accounting firms. To mitigate these conflicts, they are disclosed to the clients of Beacon Pointe at the time of their engagement with Beacon Pointe through the delivery of this Brochure Supplement. Further, clients are made aware that they are under no obligation to utilize Ferrell & Kelly for their accounting needs and are free to select any accountant/accountancy firm of their choosing.

In addition to James Ferrell's role with Beacon Pointe Advisors, LLC, he serves as President of Winter Park Investment Group, Inc., and as a Director of Ferrell Business Services and Winter Park National Bank. These activities account for a de minimis amount of James Ferrell's time and income. This activity is unrelated to Beacon Pointe Advisors, LLC's advisory business. Beacon Pointe Advisors, LLC, does not believe it presents a conflict of interest.

ITEM 5 - ADDITIONAL COMPENSATION

James Ferrell is a partner of Beacon Pointe Advisors, LLC, and is compensated by the firm with a salary and variable compensation based on client assets under management. James Ferrell is an equity owner in the parent company of the firm.
