Louis C. Bonasera, CPA, PFS™, MST, Senior Wealth Advisor, Tax Advisor, b. 1967

BS, Accounting, Merrimack College

Financial Advisor, Tax Advisor, The Financial Advisors, LLC, 2008-2026

Professional Designations

Louis Bonasera holds the following professional designations:

Certified Public Accountant (CPA)

CPAs are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination.

To maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous Code of Professional Conduct which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services.

Personal Financial Specialist (PFS™)

The Personal Financial Specialist (PFS) credential is granted exclusively to CPAs with tax expertise and comprehensive knowledge of financial planning. All areas of personal financial planning — estate, retirement, investments and insurance — have tax implications, and only a CPA/PFS has the experience, ethics and expertise to get the job done right. The American Institute of Certified Public Accountants (AICPA) established the Personal Financial Specialist (PFS) credential, which is reserved for CPAs, meaning holding a CPA is a prerequisite. There are both educational and professional requirements that must be met before earning a PFS. However, the benefits of holding a PFS are numerous, which include expanded employment opportunities with corporations, consulting firms, and the ability to manage or own a wealth

management practice. More information regarding the PFS is available at <https://www.aicpa-cima.com/home>.
